

Samsung Alias 2 Speaker Replacement

This is a guide to replacing the speaker of a Samsung Alias 2 cellular phone.

Written By: Chris

TOOLS:

- [Phillips #00 Screwdriver](#) (1)
 - [iFixit Opening Tools](#) (1)
 - [Soldering Station](#) (1)
 - [Tweezers](#) (1)
-

Step 1 — Battery

- push down the back cover of the phone, then take it out.

Step 2

- Remove the battery

Step 3 — Speaker

- Remove the two (4.1 mm) screws down the screen.

Step 4

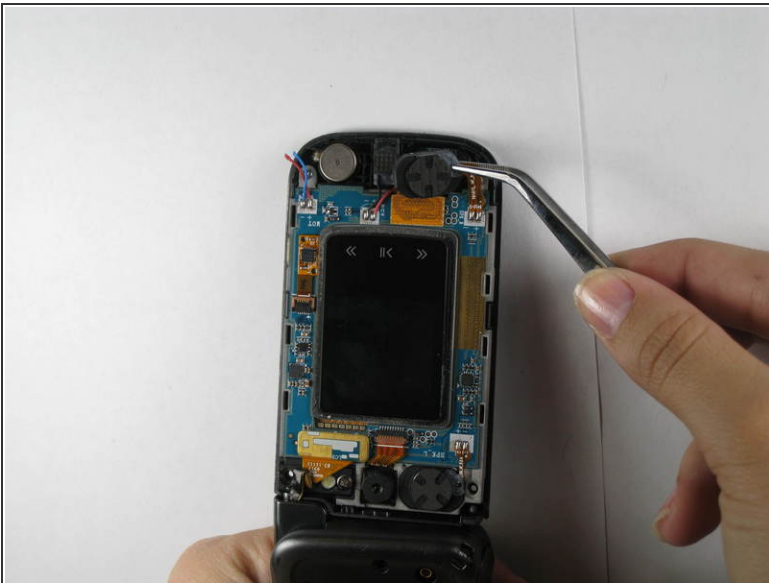

- Remove the upper casing with a plastic opening tools.

Step 5

- Use soldering iron to melt, and remove soldering joints of the speaker.

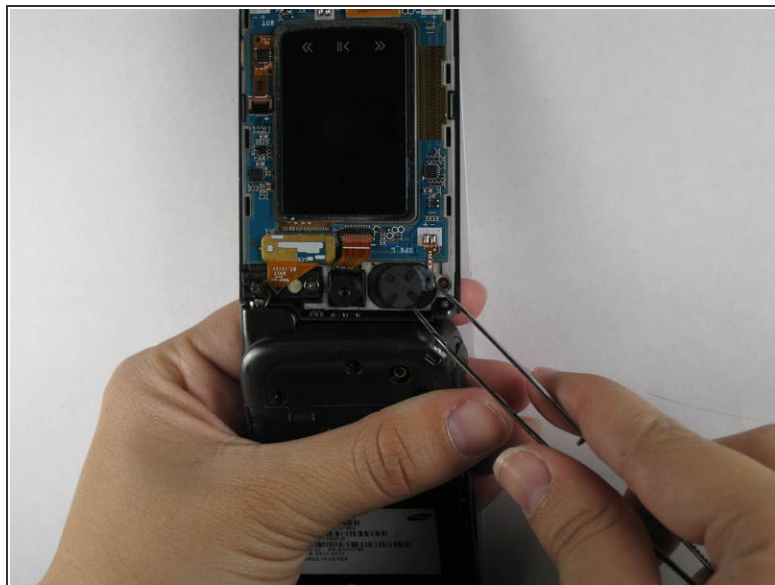

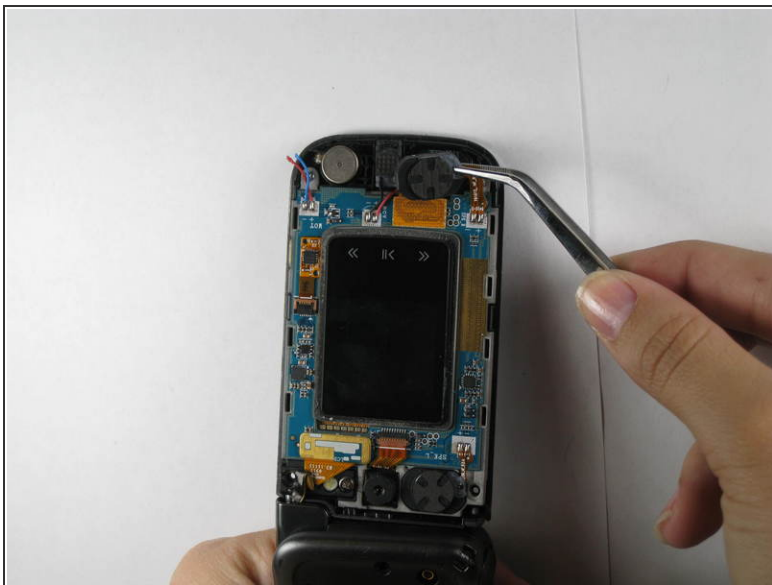

Step 6

- Use tweezers to remove the speaker from its place.

i Note: There are two speakers. Make sure you know which one is broken before removing it.

Step 7

- Use tweezers to insert the new speaker into the speaker slot.

Step 8

- Solder a speaker ribbon to the logic board.
- ⓘ Note: be careful to match the right polarity before you solder.

To reassemble your device, follow these instructions in reverse order.
